

Guidelines for BSACI 2026 Medical Scholarships Scheme

Medical Scholarship Scheme deadline: 08:00 UK time Monday 29th May 2026

BSACI is offering financial support to resident doctors to facilitate their ability to attend BSACI Annual Conference 2026 being held at the ICC Wales from Sunday 11th-Tuesday 13th October 2026. With the increasing prevalence of allergy within the UK and the shortage of allergy expertise, BSACI aims to support trainees to find out more about this evolving and dynamic specialty.

The 2026 BSACI Medical Scholarships Scheme is open to:

- FY2 doctors at the time of application,
- Clinical Fellows and
- IMT trainees in the UK with an interest in or considering a career in Adult Allergy.

This is a fantastic opportunity for resident doctors to experience what an exciting career in Allergy and Clinical Immunology looks like and how rewarding being a member of the UK allergy community can be.

We will pay out retrospectively for:

- Two nights accommodation up to £150
- Cover your conference fees
- Plus reimburse travel costs up to £140

How to apply:

- Complete the application form
- A brief CV
- And a supporting letter from your current supervisor
- Abstract submission for the conference is encouraged but is not a requirement

You will be notified of the outcome of your application no later than the 12th June 2026.

You will be asked to demonstrate how you have helped to increase awareness of “allergy and immunology” amongst other trainees or colleagues, after the event.

Please note:

- previous recipients may not apply

- unfortunately, no late applications will be considered

Email your application form and a short CV along with your supervisor's support letter to tamara@bsaci.org
